

Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

SJP Corporate Bond

(ISIN: Class L accumulation units GB0007650087). This fund is managed by St. James's Place Unit Trust Group Ltd.

Objectives and investment policy

The fund aims to provide an income as well as the potential for capital growth by investing predominantly in high yield bonds. In certain market conditions, the proportion held in high yield bonds may be reduced with the aim of limiting capital losses. The fund typically invests in a range of UK and overseas bonds, issued by companies and governments, and may also hold other types of investment such as cash and asset backed securities.

The fund is also permitted to invest in other types of transferable securities, units and/or shares in collective investment schemes, money market instruments and deposits. The fund is permitted to invest in derivatives and forward transactions for the purposes of efficient portfolio management (including hedging).

The fund is actively managed without reference to a benchmark. The strategy uses a blend of bottom up and top down analysis to seek credit opportunities across multiple regions and credit ratings.

You can choose to invest in accumulation units, which reinvest any income produced by the fund's investments, or income units which pay the income to the investor quarterly in February, May, August and November.

The fund is normally priced every working day and you can take your money out whenever you wish to do so.

Recommendation: This fund may not be appropriate for investors who plan to withdraw their money within 5 years.

Other information: The fund's custodians hold assets on behalf of the fund but separate from their own balance sheets. This is designed to protect the assets if the custodian's default on their obligations. For further details on the specific risks applicable to this fund please see the fund's prospectus.

Risk and reward profile

The Risk and Reward Indicator table demonstrates where the Fund ranks in terms of its potential risk and reward. The higher the rank the greater the potential reward but the greater the risk of losing money. It is based on past data, may change over time and may not be a reliable indication of the future risk profile of the Fund. The shaded area in the table below shows the Fund's ranking on the Risk and Reward Indicator.

Typically lower rewards,
lower risk

Typically higher rewards,
higher risk

This fund is in category 4 because it predominantly invests in bonds issued by companies. The price of a fund that predominantly invests in bonds will typically move by less than that of a fund that invests mainly in company shares.

Other key risks to understand for this fund are:

- The fund can hold bonds issued by companies and governments. These typically make up most of the fund's assets. There is a chance that some of the companies or governments that issued these bonds will fail to make interest or capital payments, which would reduce the value of your investments. The values of bonds are also sensitive to changes in interest rates; for example, an increase in interest rates will usually cause a fall in the value of an investment in bonds.
- This fund makes significant use of derivatives. Whilst it is not anticipated that this will significantly alter the fund's risk profile, the use of derivatives could result in the fund being leveraged and the potential for large fluctuations in its value. Leverage occurs when the use of derivatives means that the fund could be exposed to a greater loss than the initial investment. There is a chance that leverage could: impair the fund's liquidity, cause it to sell holdings at unfavourable times, or otherwise cause the fund not to achieve its intended objectives. In addition, derivatives are bought from other institutions; if one of these institutions fails to meet its obligations when they fall due, this could impact the value of the fund.

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry charge	5.00%
Exit charge	0.00%

These are the maximum charges that we might take out of your money before it is invested and before we pay out the sale proceeds of your investment. In some cases, you might pay less and you should speak to your financial adviser about this.

Charges taken from the Fund over a year

Ongoing charges	1.38%
-----------------	-------

Charges taken from the Fund under specific conditions

Performance fee	NONE
-----------------	------

The entry and exit charges shown are maximum figures. In some cases you might pay less. For example, switches into this fund from other St. James's Place Unit Trusts receive a discount of up to 5% from the entry charge. Your St. James's Place Partner can give you more information about this. The ongoing charges figure is based on expenses for the year ending 31 March 2021. This figure may vary from year to year. It does not include costs incurred by the fund when buying or selling assets. The ongoing charges and expenses on the fund are taken from capital rather than income. This has the effect of constraining growth.

More information about charges can be found in section 14 of the fund's prospectus, available from your St. James's Place Partner.

Past performance

You should be aware that past performance is not a guide to future performance.

Fund launch date: 01/09/1995.

Share/unit class launch date: 01/09/1995.

Performance is calculated in GBP.

- The chart shows the past performance of the fund over the last 10 years. The percentage returns for the gross accumulation units held within an ISA would have been at least as high as those shown.
- The performance shown in the chart allows for ongoing charges but does not allow for entry charges.

Practical information

- The trustee of the fund is NatWest Trustee and Depositary Services Limited.
- In addition to describing Class L Accumulation units (ISIN: GB0007650087), this Key Investor Information Document may also be used as a representative of Class L Income units (ISIN: GB0007649428), Class L Gross Accumulation units (ISIN: GB00BMNQJ340) and Class L Gross Income units (ISIN: GB00BMNQJ456) of St. James's Place Corporate Bond Unit Trust. Class L accumulation units and Class L income units are available for non-ISA investment and you can switch between them at any time. Class L Gross Accumulation units and Class L Gross Income units are only available for investment within an ISA and you can switch between them at any time. All information in this document applies to all types of Class L units, with the exception of past performance of the fund. Performance information relates only to Class L Accumulation units. The performance of Class L Income units and Class L Gross Income units is reduced due to income that has been distributed.
- The fund also issues Class H, Class M and Class Y units which are subject to certain ownership restrictions as set out in the prospectus.
- Further information about the fund can be found in the fund fact sheet, the prospectus, the annual report and accounts and the half-yearly reports, which are available in English, free of charge from your St. James's Place Partner.
- The latest fund prices are available at www1.sjp.co.uk/funds or by calling our Administration Centre on 0800 027 1031.
- The amount you receive from your investment will depend on your personal tax position and tax rules in the United Kingdom, which may change without warning.

St. James's Place Unit Trust Group Ltd may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the prospectus for the fund.

Details of the manager's up to date remuneration policy, including a description of how remuneration and benefits are calculated and the composition of the remuneration committee, are available on our website at www.sjp.co.uk/the-group/corporate-governance or by calling our Administration Centre on 0800 027 1031.

The fund is authorised in the United Kingdom and regulated by the Financial Conduct Authority.
